Mountain bike tour Chur round trip Across the Parpan Rothorn.

PROGRAM

CHUR - LENZERHEIDE - AROSA - TSCHIERTSCHEN - CHUR

We start at 8 directly from Chur with the 1st Brambrüeschbahn. Today we use the track again and again to enjoy especially the trail descents. But descents are also demanding and make you hungry. We enjoy lunch on the Parpaner Rothorn. And one stop further on the Arosa Rothorn, of course, we don't miss the delicious "Cremeschnitte". Now another 1'300 meters of altitude trail descent down to Tschiertschen and then back to Chur await.

Around 3'200 meters of altitude of trail descents await us with plenty of track support for the climbs. Let us surprise you.

All challenging parts can also be easily overcome by foot.
